

SysMik on Data Protection

We are delighted that you are interested in our company, products, and services and would like to provide you with some key information regarding our approach to protecting your personal data.

Protecting personal data is crucial, particularly in tomorrow's Internet-based business models and when developing Internet-based economies. With this declaration on data protection, we therefore want to emphasize our dedication to protecting your privacy.

Our staff and the appointed service providers are through to confidentiality and to comply with the provisions of the EU General Data Protection Regulation (GDPR), the German Federal Data Protection Act (FDPA) and other relevant data protection regulations required.

We take the protection of your personal data seriously and strictly adhere to the rules of the data protection laws.

For explanation: "Personal data" means any information relating to an identified or identifiable natural person (data subject), for instance, name, physical address, contact data, user ID, IP address, photo and video recordings, location data, etc.

The following declaration offers you an overview of how we intend to protect your data.

Use and circulation of personal data

Any personal data, which you provide us with via our website or among other channels, will solely be used for correspondence with you and is exclusively collected, processed, and saved for the purpose you intended when submitting the data. **In addition, we will use this data to update our database and send you, to the extent permitted by law, occasional offers and inform you about new products, services, and other items that might be of interest to you.** You may at any time revoke your consent regarding this use of your personal data by simply contacting us at sales@sysmik.de.

If required, information from Phoenix Contact will also be passed on to companies in the Phoenix Contact Group, service providers or other third parties. This may be necessary to perform a service or transaction requested by yourself, such as order processing, event and seminar registrations, for customer service purposes or to provide you with information regarding services or products. When passing on personal data to third parties, we shall limit this to the information necessary to provide our respective services. The respective third party must only use this personal data to perform the service required or the transaction needed, which is commissioned in our order. In doing so, the service providers are obliged in writing to adhere to the applicable Data Protection Act, usually by an agreement for data processing according to art. 28 GDPR.

We shall never share, sell or otherwise provide your personal data collected by us to third parties for marketing purposes.

Data Processing on this Website

For security and technical reasons, Phoenix Contact automatically processes information transmitted by your browser to its system protocols. This potentially includes:

- Browser type/version
- Operating system used
- Requested URLs (website) on our systems
- Referrer URL (the website that referred to our website)
- Host name and full IP address of the computer accessing the site
- Date and time of call
- Data volumes and file types called.

This data will not be consolidated with other data sources, and we do not carry out personalized statistical evaluations on the basis of this data.

Notes regarding IP addresses: IP addresses are essential for the transmission of websites and data from our servers to your browser. They are the “addresses” for information you request from our web servers. However, IP addresses are regarded as personal data and are therefore processed by us in unabridged form only to the extent technically required.

Newsletter

We require a valid e-mail address in order for you to receive a copy of the newsletter displayed on our website. You also have the option of providing additional data about yourself (title, name, company, postal address). Following registration, you will receive an e-mail from us containing a link. This link is used to confirm that you wish to receive the newsletter (“double opt-in”). This is a means of verifying the e-mail address you provided and ensuring that no third parties have ordered the newsletter using your e-mail address.

You may revoke your consent to us saving your data and using it to send the newsletter or promotional materials at any time. To unsubscribe from the newsletter please use the unsubscribe function in any newsletter or advertisement received from us. Furthermore, you can also send an e-mail to sales@sysmik.de stating that you wish to unsubscribe.

Our e-mail newsletter may contain links to special SysMik websites or websites of third parties.

Information on the processing of your personal data within the dispatch of the newsletter can be found here: [SysMik - GDPR - Information - Newsletter](#).

Request for quotation/order processing

Your personal data, which you provide to us within the request for quotation, order processing, sample order, license processing, configuration, etc, will be used to processes the relevant business transactions with you.

Information on the processing of your data within the processing of these business transactions can be found here: [SysMik - GDPR - Information - Order - Processing](#).

Supplier management/Purchase order processing

Your personal data, which you provide to us when registering in the supplier portal or within the processing of purchase orders, will be used to process the relevant business transactions with you.

Information on the processing of your data within the supplier management and the processing of these business transactions can be found here: [SysMik - GDPR - Information - Supplier - Management](#).

Application data

Your personal data, which you provide to us as part of your application and/or registration on the Application Portal, will be collected, processed and stored to communicate with you and only as part and for the purpose of our recruitment process.

Information on the processing of your personal data within the application process can be found here: [SysMik - GDPR - Information - Candidate - Management](#).

Cookies

Our Internet pages do not use cookies.

Social Media / Social Networks / External Links

On our website, we do not use any automatically activated plug-ins (eg iFrames) of the social networks.

If you click on our buttons for social networks LinkedIn and Xing, you will be redirected to the pages of the respective social network. The instructions on data protection given there will then be applicable. This also applies to links to other third party websites.

In addition, we ourselves also have online presences in some of these social networks and platforms to inform interested parties/users about our products and services and to communicate with them. On some of these platforms, user data is processed outside the European Union (EU), even in countries where no data protection level comparable to that of the EU can be guaranteed. Your data is often used for the platform's own purposes, e.g. for market research and advertising purposes or to analyze your user behavior for the creation of user profiles. For these purposes, cookies from these platforms are usually stored on the user's computer, which can be used to store or assign user profiles.

Although SysMik does not have access to the profile data processed by the platforms, SysMik may be jointly responsible under data protection law for the use of these platforms.

The personal data of the users is processed on the basis of our legitimate interests in simple information and communication with the users pursuant to art. 6 (1) lit. f GDPR.

If you have any questions regarding the processing of your personal data when using these social networks, please contact the respective platform directly, as we do not have access to your data there.

For detailed information on the processing of your personal data and the opt-out options, we refer you to the following linked details of the social media platforms:

LinkedIn

LinkedIn Ireland Unlimited Company, Wilton Place, Dublin 2, Ireland

Privacy policy at: <https://www.linkedin.com/legal/privacy-policy>,

Opt-out at: <https://www.linkedin.com/psettings/advertising>.

XING

XING SE, Dammtorstraße 30, 20354 Hamburg, Germany

Privacy policy at: <https://privacy.xing.com/de/datenschutzerklaerung>,

Opt-out at: <https://privacy.xing.com/de/datenschutzerklaerung>.

Web Analyses

We don't process any web analyses (trackers) at our website.

Supplementary notes regarding use and circulation of personal data

SysMik may be forced to disclose your data and corresponding details by order of a judicial or regulatory action. We also reserve the right to use your data to assert a claim or to defend against legal claims. In compliance with applicable law, we reserve the right to save and pass on personal data and any other data in order to investigate, prevent, or take action regarding illegal activities, suspected fraud, and violations of SysMik's terms and conditions of use.

Secure Internet Communication

We make every effort to ensure that your personal data is transmitted and saved utilizing technical and organizational measures, in such a way that it is not accessible to third parties.

As a general rule, the Internet is regarded as an insecure medium. In contrast to a telephone line, for instance, transmission of data on the Internet can be more easily wiretapped, recorded or even modified by unauthorized third parties. To ensure the confidentiality of communications with you, we use an AES 256 bit SSL/TLS encryption of our website. The encryption used by us is regarded as secure, based on the latest technological advancements. Operating systems and browsers from earlier versions also achieve this security level. If necessary, you should update the operating system and the browser on your PC to enable use of this high-grade encryption.

When communicating via e-mail in an unencrypted manner, complete data security cannot be guaranteed, so we recommend using the postal service for confidential information.

Updates to this Privacy Policy

If SysMik launches new services, alters its Internet procedures or if the legal requirements or the Internet and IT security technology is further developed, this will be updated in the data protection statement. We therefore reserve the right to alter or modify this statement as required. The current version will be published here.

Right to obtain information / changing and deleting personal data Information in accordance with Article 13 or 14 GDPR

Should you have any questions that have not been addressed by this data protection statement or you require more detailed information regarding a specific point, please do not hesitate to contact us.

If you do not agree to your personal data being saved or this data becomes inaccurate, we will ensure, upon your request, that your data is corrected, blocked or deleted under the statutory provisions. Upon request, we will send you a list of all your personal data that we have stored. To do so, please contact:
